## Package II: APA Joint Accreditation for Interprofessional Activities (2023)

In 2023, the APA will be approved for Joint Accreditation. At that time, Joint Providers who have interprofessional educational activities have the option to offer social work, nursing, and psychology credits, in addition to CME credits to reach a broader audience and increase revenue.

In addition to the services and incentives offered for jointly provided CME activities, Package II will give Joint Providers the option of hosting a recording of their enduring course in the APA LMS for up to 3 years. This will reduce staff time and costs that go into purchasing and maintaining an LMS of their own to offer and evaluate enduring activities. The hosting service will be provided for a separate fee on an annual basis.
